

Again This Year

LATE-BREAKING ABSTRACTS

SNIS 19th Annual Meeting

The goal of the SNIS Annual Meeting is to present the best new scientific research in all areas of neurointerventional surgery. The SNIS Program Chairs recognize that the results of some exciting research may not be available by the general abstract submission deadline.

Hence, SNIS is once again offering this year, a call for late-breaking abstract submissions for abstracts detailing highly significant and timely findings in any area of neurointerventional surgery that were not available at the time of the regular abstract deadline. Only those deemed to be of high scientific priority will be accepted.

Authors are invited to submit abstracts for works not previously published or presented.

July 25-28, 2022 | Westin Harbour Castle Hotel | Toronto, Ontario, Canada

Programming in conjunction with:

<http://www.snisannualmeeting.org/>

LATE-BREAKING ABSTRACTS

SUBMISSION TOPIC AREAS ARE:

- Ischemic Stroke Intervention
- Intracranial Aneurysms
- Vascular Malformations
- Hemorrhagic Stroke/Intracranial Hemorrhage
- Neurocritical Care
- Medical Management of Stroke/Stroke Systems of Care
- Extracranial Head & Neck Interventions
- Spine Interventions
- Neuroimaging
- Pediatric Interventions
- Intracranial Head & Neck Interventions
- Basic Science
- Venous Interventions

A special subcommittee of the Program Committee will evaluate the merit of late-breaking abstracts. The online submitter will open to accommodate late-breaking abstract submissions beginning **Monday, May 16** and will close on **Monday, June 13**.

Login Instructions:

1. First Time User:
Click on "Create New Account" to create new login information.
2. Forgot Username and Password?
 - Your username will be the email address with which you registered
 - Select "Click here if you have forgotten your password" where you will be prompted to enter your hint question and answer OR prompted to reset your password.

Please visit [SNIS Abstract Site](#) to submit your abstract.

ABSTRACT SUBMISSION INSTRUCTIONS

Abstract Submission Criteria

Text:

1. Published or previously presented works should not be submitted.
2. Submit abstract in one category only.
3. Format abstract text using headings required for submission category.
4. Maximum length: 500 words; Graphic file equals 100 words; Table equals 50 words.

Graphics – For each abstract submitted:

1. Only one graphic file with a maximum of two images is permitted.
2. Required Graphic file resolution is 300 dpi or greater.
3. Maximum size of printed file is 3 in. by 3 in.
Note: A submitted graphic that is larger than the required size will be reduced accordingly, which may significantly reduce the quality of the graphic.
4. Only jpg or gif formats are accepted online.

Important Information for All Abstract Submissions

1. Authors are strongly encouraged to submit their manuscripts for publishing in the *Journal of NeuroInterventional Surgery (JNIS)*.
2. Presenters of accepted abstracts must register for the SNIS 19th Annual Meeting. Registration fees are required and not waived with acceptance.
3. Oral papers must be presented in digital format uploaded to our meeting server if accepted. (No personal PC or Mac may be used from the podium).

Abstract Disposition Notification

Abstract disposition notification will be sent via email in June 2022 following expedited peer review.

Health Insurance Portability and Accountability Act of 1996

(HIPAA) Compliance: By SNIS policy, the content of all educational presentations given at SNIS meetings must be in compliance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and U.S. Department of Health and Human Services regulations implementing this act. To comply with HIPAA regulations, patient confidentiality must be maintained in all educational presentations (oral, printed or electronic). Members of the SNIS Program Committee attend every presentation to monitor HIPAA compliance.

Promotion of Commercial Products: The Society of NeuroInterventional Surgery must ensure balance, independence, objectivity, and scientific rigor in all of its educational activities. It is an ACCME requirement that audiences at educational programs for which continuing medical education hours are awarded be informed of a presenter's academic and professional affiliations, and the existence of any significant financial interest or other relationship an author or co-author has with the manufacturer(s) of any commercial product(s) or services. Any such relationship must be disclosed.
