

SNIS 23<sup>rd</sup> Annual Meeting  
& Fellows Course

Dear

On behalf of the Society of NeuroInterventional Surgery (SNIS), I am pleased to invite you to attend the SNIS 23<sup>rd</sup> Annual Meeting & Fellows Course in Seattle, Washington from July 20-24, 2026. The SNIS 23<sup>rd</sup> Annual Meeting will provide you with unique and refreshing learning opportunities on topics including:

- State of the art lectures with established experts giving updates on current technology and trends;
- Presentation of complications with methods of avoidance and rescue;
- Presentation of new techniques or interesting case series; and
- Abstract presentations on the latest science of neurointerventions.

We strongly encourage the participation from around the world of interested doctors, radiological nurses and technicians, as well as pharmaceutical and drug companies, and medical companies who manufacture neurointerventional products, ultrasound equipment and radiography units.

During your stay in the United States, SNIS will not remunerate you nor can you be engaged in any employment. You will be responsible for your own travel expenses that include visa fees, event registration, airfare, ground transportation, hotel, meals and travel insurance. We understand you may want to explore Seattle or visit colleagues and friends before or after the event. Thus, your travel to the U.S. may be approximately from July 16-31, 2026.

Please visit our Annual Meeting website at <https://snisannualmeeting.org/> for more details about the event. We look forward to your participation in our conference.

Sincerely,

A handwritten signature in cursive script that reads "Marie Williams Denslow". The ink is a dark grey or black color.

Marie Williams Denslow, CAE  
Executive Director
